Myanmar
English

Professional Summary

Experienced Web Developer with a strong background in .NET Core, NestJS, and ReactJS. Proven track record of developing high-performance web applications, leading projects, and improving user experience. Seeking to leverage technical skills and creative problem-solving abilities at Myanmar Software Integrated Solutions Co.ltd and Bizaid.

Web Developer

- Developed and maintained web applications using .NET Core and ReactJS.
- Led the redesign of the company's main web application, reducing page load times by 30% and enhancing user satisfaction.
- Integrated NestJS to streamline API development, increasing development efficiency by 20%.
- Collaborated with cross-functional teams to define project requirements and deliver solutions on time and within budget.
- Utilized Agile methodologies to manage project workflows and ensure timely delivery.

Full-stack Developer

- Developed and maintained backend services using Nest js and React js. Designed RESTful APIs and integrated them with various front-end frameworks.
- Built responsive and dynamic user interfaces using ReactJS and Redux. Implemented reusable components to streamline development processes.
- Designed and managed SQL and NoSQL databases, optimizing queries and ensuring data integrity and security.
- Utilized Docker for containerization and deployed applications on AWS. Managed CI/CD pipelines using Jenkins, ensuring smooth and automated deployments.
- Worked closely with UX/UI designers to implement intuitive user experiences. Participated in daily stand-ups and sprint planning sessions following Agile methodologies.
- Ensured high code quality through unit testing with Jest and integration testing with Cypress. Conducted code reviews and mentored junior developers.

Myanmar Software Integrated Solutions
